**Costs and Limitations for myCare Integrity Version 5.0**

A Division of Eye Care Leaders

## Capability and Description

2015 Edition criteria applicable to myCare Integrity Version 5.0: a1, a2, a3, a5, a9, a12, a13, a14, b1, b2, d1, d2, d3, d4, d5, d6, d7, d8, g3, g4, g5, g6

myCare Integrity Version 5.0 is a cloud-based EHR that supports healthcare professionals in ophthalmology and optometry in outpatient ambulatory environments. It allows users to perform a wide range of functions such as to document, review, and edit patient health information including but not limited to problem lists, medication lists, medication allergy lists, family health history, and all aspects of the patient's eye exam. Perform CPOE (computerized provider order entry) for medications, laboratory orders and imaging procedures.

myCare Integrity Version 5.0 requires integration of third-party components to perform the following tasks (fees may apply)

- electronically create prescriptions and prescription-related information for electronic transmission to pharmacies,
- measure CQMs (clinical quality measures) and to export these in standard file formats,
- be alerted to possible CDS (clinical decision support) interventions, and
- Report information to PHAs (public health agencies) and clinical data registries
- Portal related activities

## Types of Costs or Fees and Additional Types of Costs or Fees

Licensing and implementation of the functionality and content covered by this certification will require a one-time fee for standard implementation and ongoing service fees covering the right to use the solution, support, and ongoing maintenance.

Required configuration to establish interfaces to transmit laboratory results may require one-time costs.

Development required to Integrate with a third party vendor may be subject to additional one-time and / or ongoing monthly fees if the technical requirements of the integration are outside of the current scope of the EHR.

myCare Portal service is provided at an ongoing monthly fee to clients with a contract originating on or after January 1, 2018. Premium Portal services can be purchased for an additional fee.

Clinical Decision Support documentation via InfoButton technology is available upon request. Subscription Fees apply and are subject to automatic annual renewal. This certified product-version may also require ongoing monthly costs to support the electronic exchange of ePHI (b)(1), (b)(2).

Eye Care Leaders / Integrity does not charge any additional fees for electronic integration with third-party systems such as public health registries, clinical data registries, HIEs, ACOs or CINS, assuming such electronic integration is based on an established technical capability of Integrity or the Regulatory Compliance Platform

*This Modular EHR is 2015 Edition compliant and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of the U.S. Department of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.*
