

Costs and Limitations
For Certified Healthcare IT Module myCare
Portal Version 3.0

06/2020

Capability and Description

2015 Edition criteria applicable to myCare Portal Version 3.0: d1, d2, d3, d5, d7, d9, e1, e2, g3, g4, g5, g6, g4, g5, g6, g7, g8, g9

myCare Portal Version 3.0 is a patient communications system designed to support healthcare professionals in ophthalmology and optometry in outpatient ambulatory environments. It allows users to perform a wide range of functions such as to:

- Doctor to Patient, Patient to Doctor Secure Messaging
- Provide patient access to online health summaries
- Collect Patient Generated Health Data
- Automated reminders and Follow up
- Provide Application Access functionality for authorized users of the myCare Portal Version 3.0

Types of Costs or Fees and Additional Types of Costs or Fees

This certified product-version may require additional monthly costs to support transition of care summaries (170.315.b.1) when more than a HISP mailbox is required and online patient service (170.315.e.1). A third-party PMS/EHR is required to maintain patient demographics and health records. Sales contract and business associate agreement (BAA) must be executed with third party selected.

This Health IT Module is 2015 Edition compliant and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of the U.S. Department of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.
